Investment Objective

First Trust Global Risk Managed Income Index ETF seeks to replicate, to the extent possible, the performance of the NASDAQ Global Risk Managed Income IndexSM (the "Index"), net of expenses. The investment strategy of the First Trust ETF is to invest in and hold the constituent securities of the Index in the same proportion as they are reflected in the Index or securities intended to replicate the performance of the Index. The Index is a rules-based, quantitatively enabled index that seeks to provide exposure to income generating securities within a risk managed framework by investing in ETFs.

Key Features

- Single ticket solution to a portfolio of ETFs that meets index criteria
- Income options listed on the TSX
- Access to a tactical asset allocation model developed by NASDAQ, Inc.
- Management expense ratio of less than 1%
- Distribution rate anticipated to be around 4%

Risk rating

First Trust Portfolios Canada has rated the volatility of this ETF as **low to medium**. This rating is based on how much the ETF's returns have changed from year to year. It doesn't tell you how volatile the ETF will be in the future. The rating can change over time. An ETF with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the ETF's returns, see the Risk section of the ETF's prospectus.

²As of December 31, 2024 audited annual financial statements and MRF.

³Underlying ETF may hedge currency to CAD.

⁴Distribution rate is calculated by dividing the most recent annualized distribution paid or declared by the Net Asset Value. Distribution rates may vary. The distributed amount may include return of capital (ROC) from time to time.

First Trust Global Risk Managed Income Index ETF

NASDAQ Global Risk Managed Income IndexSM Weekly Investment Process

*An allocation cap of 25% per security is enforced; remaining capital is moved to a short-term Canadian government bond ETF. The cap ensures that the portfolio does not become concentrated in a single asset and moves the portfolio to short term government bonds when the models deem that there are no attractive investment opportunities.

About First Trust

First Trust Canada is the trustee, manager and promoter of the fund. First Trust Canada and its affiliates First Trust Advisors L.P.
