#### Valuation Analysis

- Focus on long-term intrinsic value.
- Sensitivity analysis to manage downside risk.

### Risk rating

FT Portfolios Canada Co. has rated the volatility of this ETF as **medium**. Because this is a new ETF, the risk rating is only an estimate by FT Portfolios Canada Co. Generally, the rating is based on how much the ETF's returns have changed from year to year. It doesn't tell you how volatile the ETF will be in the future. The rating can change over time. An ETF with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the ETF's returns, see the Risk section of the ETF's prospectus.
